## Rajiv Giri

672 Fleming Rd, Cincinnati-OH | (513) 834-3371 | rgiri9025@gmail.com | [LinkedIn/girirajiv](#) | [Github/rajivgiri513](#)

- Exceptionally focused and reliable **Developer** with an outstanding work ethic and computer language knowledge.
- Strong desire to understand and contribute to the business side of application programming.
- Skilled at working in a challenging environment that would best utilize my technical and interpersonal skills.
- Experience in the field of software testing, data analysis, debugging, code validation and software quality assurance.

### PROFESSIONAL DEVELOPMENT

---

**Java Bootcamp** – Cincy Code IT, MAX Technical Training, Mason, OH

**03/2017-06/2017**

Selected to participate in an intense, hands-on, 11 week, 440-hour software developer bootcamp. Through an innovative combination of in-class mentored programming, instruction, team and individual exercises, the class covered:

- 2 days of Scrum Foundation training; currently studying for Scrum certification.
- Java Language Fundamentals – variable declaration, looping constructs, conditional statements, class modeling, exception handling, unit testing, debugging techniques, and object oriented design.
- Advanced Java – XML, Junit, TDD.
- Professional programming techniques – design patterns, test-driven development.
- MySQL – SQL query writing, table creation, JDBC.

### TECHNICAL SKILLS

---

- Developed web applications using Java, Servlets, JSP, JDBC, JavaScript, HTML and CSS in NetBeans and Eclipse.
- Good knowledge of design, development, implementation and testing of Client/Server and Internet/Intranet applications on Java and Eclipse.
- Familiar with Java servlet and applet, JSP, Java API/Doc, SQL Server, JDBC/Derby, Teradata, MySQL and Github/Gitbash, JavaScript, XML, CSS and HTML.
- Experience in working with Agile and Waterfall methodologies, Scrum and Test-Driven Development (TDD).
- Experience in using Version Control System-Git repository.
- Proficient in using application servers-IIS and Tomcat.
- Strong knowledge of Manual Testing, Test Automation and Data Analysis.
- Well-versed with testing tools -HP QC, QTP, Selenium, JUnit and Project Management tool Trello and defect management tool Jira.
- Strong skills in ETL Testing and wide knowledge in Database Management- MySQL, Teradata and SQL.
- Ability to focus, work under pressure, prioritize tasks, make decisions and meet tight deadlines.
- Good understanding in exception handling, debugging and bug tracking by which the whole picture of application runtime can be seen and analyzed more efficiently.
- Solid knowledge of protocols TCP/IP, UDP, HTTP/S and FTP.
- Knowledge of Healthcare, Banking and Retail Domains.

- **Software:** HP QC and QTP, Selenium, Junit, Trello, Jira, Slack, Eclipse, Visual Studio and Gitbash.
  - **Operating System:** Windows, Linux, MAC, Android and IOS.
  - **Languages:** Java, C#, .NET, XML, JavaScript, HTML and CSS.
  - **Server:** JSP and IIS.
  - **Database:** SQL, Teradata, MySQL and Derby/JDBC.
  - **Repository:** Github.
  - **Other Applications:** Microsoft Office including Lync, Visio, SharePoint and Outlook.
-

## PROFESSIONAL EXPERIENCE

---

**Software QA Tester/Data Analyst** - Thrive, Cincinnati OH

**04/2016-02/2017**

- Documented software defects, using a bug tracking system, and reported defects to developers.
- Performed Integration Testing once the data was transformed and loaded into the targeted data warehouse by the ETL process.
- Identified, analyzed, and documented problems with program function, output, or content.
- Reviewed software documentation to ensure technical accuracy, compliance, or completeness, or to mitigate risks.
- Revised company definition of data as defined in data dictionary.

**Certified Mail Order Pharmacy Tech** - Humana Pharmacy, Springdale OH

**2012-2015**

- Performed troubleshooting for clients with insurance issues to resolve problem.
- Generated SIG short codes which increased productivity by 20% and decreased error by 10%.
- Experienced in using sig codes, short drug codes, ICD codes, refills etc. to speed up the process of entering the data from the scripts into the system.

**Certified Retail Pharmacy Tech** - Kroger Pharmacy, Cincinnati OH

**2009-2012**

- Prepared levels and filled prescriptions accordingly, pre-packaging common medications that resulted in 20% faster order completion.
- Helped migrate pharmacy to new patient records system – transferred hundreds of profiles to database and trained several coworkers on new system.
- Trained new pharmacy technicians, improving customer service standards by 25%.

## VOLUNTEER EXPERIENCE

---

**Software QA/System Analyst (Floater)** - Human Health Project-Remote

**2015 – Present**

- Perform Functional, Negative, Positive, Integration, Regression, Retesting, End to End and UAT.
- Collaborate with developers testers and end users to ensure technical compatibility.
- Conduct requirements analysis testing and prepared proposals for replacement systems.

## ACADEMIC EDUCATION AND CERTIFICATIONS

---

- ❖ **University of North Bengal**  
B.A Minor in Computer Application (2007)
- ❖ **CompTIA A+ Certification**
- ❖ **CPhT Pharmacy Technician Certification**
